To: Schaefer, Joe <Schaefer.Joe@epa.gov>
Subject: AltEn - Mead, Nebraska

My name is Elsie Stormberg and I am a reporter from the Wahoo Newspaper in southeastern Nebraska. The AltEn ethanol plant falls within our papers coverage area and we have been working to cover the situation. A source informed me that the EPA's ERT team was on site over the weekend in light of the frozen pipe that burst on Feb. 12. I wanted to confirm this fact. Is this true?

Since you are in charge of information, I figured you may be able to help me. If not, would you be able to direct me to someone who could? I appreciate your help and look forward to your response.

Coordinated response -

The Nebraska Department of Energy and Environment (NDEE) requested EPA Region 7 provide support for a release at the AltEn plant in Mead, Nebraska. EPA Region 7 in Lenexa, Kansas, sent emergency responders to Mead, NE, to work with NDEE and plant officials on the response. For additional questions and details about the event, please contact NDEE.

Carla Felix (402) 471-2923 carla.felix@nebraska.gov
Amanda Woita (402) 471-4243 amanda.woita@nebraska.gov
Or Emily Case (402) 471-4256 emily.case@nebraska.gov

NDEE is lead so they would be the appropriate people to ask for interviews.
